Dear Colleague

We are delighted to share with you some information about the English-taught LL.M. at Católica Global School of Law, recently included by the Financial Times' Innovative Law Schools Report amongst the selected top LL.M. programmes of the world. We would appreciate your help in passing this information along to faculty and to students and practitioners that might be interested in completing an LL.M. abroad with international recognition and a world-class selection of academic staff.

LL.M. - Law in a European and Global Context

This programme is aimed at recent law graduates with an outstanding academic record. It is directed by Professors Joseph Weiler (NYU) and Miguel Poiães Maduro (EUI, Florence, former Advocate-General at the CJEU). The feature that sets this LL.M. apart from other LL.M.s of European or International law is the approach to law in a context of other academic disciplines, such as political science, economics, philosophy and literature. The courses are taught by the most outstanding scholars in their respective fields coming from Universities and legal backgrounds from all over the world. The quality of the programme is further increased by new pedagogical teaching methods and by a very small number of students per seminar.

Advanced LL.M. - International Business Law

This is an advanced programme for lawyers with experience in legal practice. This successful programme was created for lawyers who seek an improvement of their careers and a specialization in International Business Law. Core courses of this programme deal with transnational, Anglo-American and European business law. It covers a wide range of subjects, such as contracts, finance, commercial and investment arbitration, corporate law, securities regulation, competition law, EU internal market and international and corporate taxation.

We kindly invite you to visit our website for more information on our programmes at www.fd.lisboa.ucp.pt/english or write to llm-catolica@ucp.pt. **Please note that applications for the 2012-2013 academic year are now open** and that we would be very happy to send you additional hard copies of our LL.M. brochures should you so wish. We truly believe that an LL.M. at Católica will both challenge and reward applicants and provide them a unique academic experience.

Thank you in advance for your time. We remain at your entire disposal for any further information that might be necessary and would love to hear from you.

Yours sincerely,
